

Ysgubor Holiday Cottage

Dog Terms & Conditions / Policy

By bringing your pet you are agreeing to be bound by these terms

We love dogs and are very happy to welcome them into our holiday cottage and hope they have a lovely holiday– a maximum of two are permitted and need to be at least 9 months old

Your dog(s) must be up to date on it's annual 'jabs', de-fleaed and wormed prior to arrival

If you dog(s) is(are) aggressive in any way we reserve the right to ask you to remove the animal(s) from our premises

Dogs are not allowed in the bedrooms or on furniture. This is for hygiene reasons as future guests may have an allergy to pet dander and no amount of hoovering/washing gets rid of it all. You will be liable for specialist cleaning if pet hair is found in the bedrooms or on the sofas

You must never leave any pets unattended in the property, including the garden. For clarity, this includes leaving a pet alone in a cage in the cottage

Please note - our fencing is 'stock-proof' and not 'dog-proof' – small dogs are able to squeeze under or through the fencing/gates or may jump over it. Please ensure dogs are cleaned/dried thoroughly when they come in from outside.

Please always clean up after you dog, including on the lanes and in our field. A dedicated bin is provided for disposal. If you dog causes any damage we would expect you to pay for replacement / repair and potential loss of revenue if the cottage needs to be decommissioned.

Thank you, Lee and John
