

Craig y Fintan Summit Trig Point

About an hour

Turn left onto the lane

Pass two properties then take the bridleway on your left

Follow the bridleway, it turns left after about 200m (don't go through small pedestrian gate)

Follow the bridleway across the brook (nice place for a picnic) and turn right when you get to the track until you get to a gate onto access land (can be boggy)

Follow straight uphill to the trig point or contour round if conditions underfoot are wet
