

Red Squirrel Walk and a Sea View (weather dependant!)

About 40mins

Turn left onto the lane

Walk about 400m and turn right at the drive to Glangorse

About 300m turn left through a metal gate (with a sign saying close the gate)

Follow the track past two ponds then through another gate.

Keep an eye out for red squirrels in the forestry area on your right and hopefully get a sea view if it's clear

After you have passed the tallest trees, take the track on your left then follow straight until you get back home
