

## Short Circular via Glangors

**Short Circular. About half an hour, mainly on bridleway**

Turn left onto the lane

After about 300m turn right, down the drive to Glangors

After about 500m turn left onto a grassy track (small footpath sign on post)

Follow uphill for about 500m, then turn right through a metal bridleway gate

Follow the track all the way down, through a few metal gates, and turn right at the bottom when you meet the lane – we are about 200m along the lane
