

Valley Circular. About an hour, mainly on the lanes

Turn left onto the lane

Pass two properties then take the brideway on your left

Follow the brideway, it turns left after about 200m (don't go through small pedestrian gate)

Follow the brideway across the brook (nice place for a picnic) and turn left when you get to the track to head downhill

Follow the lane down the valley and turn left at the bottom

After the small stone bridge, turn left and you are on the lane that leads back up to Ysgubor
